A

Accelerometer for measuring earthquakes. N. H. Heck *288
Accidents:
Accident injures men in Owens River aqueduct n480
Hetch Hetchy cave-in kills five in tunnel. n298

AERONAUTICS

Airplanes carry machinery for dredges and power plant 407
Hydroplane ramp 516
Telescopic traveling mast to land Lakehurst dirigibles *465
Timber traveler erects airship dock.... *487
American Assn. of Engineers:
Convention n419
American Assn. of State Highway Officials:
Convention reviews progress and problems 625
American City Planning Institute:
Urban land policy discussed n606
American Electric Railway Assn. changes name to American Transit Assn. n418
American Engineering Council:
As to credit where due e692
Credit where due e630
Federal reorganization approved and army work condemned n792
Public construction and American Engineering Council. Lee and Wallace l 689, editor's note 690
American Institute of Steel Construction:
Large rolling mills become members... n733
Pittsburgh meeting n510
American Public Health Assn.:
Washington meeting n538
American Railway Engineering Assn.:
Conventions canceled because of conditions n238
American Road Builders Assn. — officers nominated n761
American Society for Testing Materials:
Timber and lumber reviewed at meeting. n633
American Society of Civil Engineers:
Atlantic City meeting n450
Atlantic City meeting discusses planning and economics 443
Wanted: data on dam uplift ..... l 112
Western Engineering problems discussed at meeting 50
American Society of Municipal Engineers:
Chicago chapter formed n732
American Water Works Assn.:
Wisconsin Section meeting n541
American Water Works Assn. and North Carolina Sewage Works Assn.—meeting. n576
American Welding Society:
Metal structure and stress in welded joints 446

AQUEDUCTS

Colorado River aqueduct:
Bids accepted for power..... n116
Bids for first work n480
Bids on San Jacinto tunnel..... n696
Bonds n24, n663
Force account authorized n795
Last obstacle removed e600
Loan opposed n538
Loan suit rejected n604
Tunnel contract n358, n732
Wage rates for work n483
Los Angeles aqueduct. See under Colorado River.
Moffet pioneer tunnel to be used as aqueduct n791
Architectural League honors civil engineers. n763
Asphalt:
Truck-mounted plant for bituminous mix. York & Hack *531
Associations:
Program problem e234
Tide turns e730
Auditoriums:
Acoustical improvement in Louisville auditorium 194
Manufacture of sound absorbing materials as new industry 308

B

Baker, M. N., retires from Engineering News-Record n23

Beams:

Checking the design of rectangular timber beams. C. K. Clausen 471
Principles and practice in welded joint design. G. D. Fish *773
Bins. See Storage bins.

BONDS

Alabama permits service charges for sewer and water financing n790
Ballard Bridge reconstruciton proposed in bond issue n238
Baltimore improvement bonds not to be put to vote n416
California bids for bonds for flood control project n59
California court upholds water district issue n24
Colorado River aqueduct bonds to be bid. n663
Golden Gate—efforts to prevent construction end n236, n264
Greeley, Colo., gets money for pipe line n328
Investor's view of water works bonds.. 347
Is municipal credit sound? C. H. Chatters 738
Kentucky bond issue unconstitutional.. n22
Moffat Tunnel bonds declared legal.... n760
Philadelphia bridge bond bid rejected.. n361
Pine Canyon Dam bonds sold n267
Road bond issue up in Oklahoma..... n209
St. Louis considering "made work" bond issue n58
San Francisco sells bonds for construction n416
San Francisco to vote on relief bonds.. n88
San Francisco votes relief bonds..... n301
Texas legislature to consider road bonds. n300
Texas to assume interest on bonds of road district n391
Waterway bonds to be sold n238

Continuous-grider concrete bridge in Houston. H. D. Hilborn *36
Cuyahoga cantilever bridge *747
Denmark to build Europe's longest bridge n61
Model study better than calculation.... e296
Model study of arch bridge for stresses. F. L. Plummer *282
Old timber bridges. C. K. Allen..... l *753
Oregon timber bridges. C. B. McCullough. *213
Quebec cantilever bridge—old teachings. e327
Rock Island lift bridge erected on old fixed spans *227
San Francisco engineers declare competence in bascule design n26
Suspension bridge for World's Fair amusement e174
Timber bridges e234
Timber bridges in Oregon discussed by engineers 52
Transporter suspension bridge for World's Fair. W. G. Grove..... *172
Vertical-lift bridge in Great Britain... n299
Bridge floors:
Light floors for bridges e630
Open-mesh steel deck for Seattle bascule. *624

BRIDGE RENEWALS AND REPAIRS

Ballard Bridge, Seattle, bond issue.... n238
Hand operated tremie tube for placing concrete under water. C. J. Brownell. *260
Replacing plate girder bridges by inverting the spans. T. Kuroda..... *497
Vancouver Commissioners to rebuild bridge over Burrard Inlet..... n697
Bridge stresses:
Check levels made on Ft. Snelling-Mendota bridge. W. H. Wheeler.... 371

BRIDGES

Australia:
Barrel arch bridge without spandrel walls *293
Sydney Harbor bridge cost exceeds contract n791
Cimarron River bridge n*300
Cleveland:
Cuyahoga cantilever bridge *747
Model study of arch bridge for stresses. F. L. Plummer *282
Denmark:
Littlebelt bridge uses open caisson method. Kai Faat-Jensen *427
To build Europe's longest bridge... n61
Detroit:
Wabash railway bridge has one piece rail lock. S. M. Smith..... *294
East Pittsburgh, Pa.:
George Westinghouse concrete bridge. *67

Hudson River bridge shows profit...n605
Hudson River bridge traffic n510
Philadelphia:
Bascule-arch span in toll bridge.....*253
Pittsburgh, Pa.:
George Westinghouse bridge *67
Rio Grande—two more bridges planned. n25
Rock Island:
Lift bridge erected on old fixed spans.*227
St. Lawrence:
Contracts let for Lachine bridge....n735
Near Montreal—highway bridge to be built n208
Railway bridge to be decked for highway n635
San Francisco:
Bids called for piers n694
Golden Gate bids n484
Bonds approved n116
Contracts awarded n572
Efforts to prevent construction end. n236, n264
Encouraging signs e326
Work put up for new bids.....n388
Work to begin n301
Oakland Bay Bridge construction...n481
Legislation n481
Vancouver, B. C.:
Burrard Bridge opened n91
Burrard St. bridge n*481
Vicksburg Bridge & Terminal Co. seek loan n605
Washington, D. C.:
Klingle Valley bridge built in three strips. H. C. Whitehurst *784
Wooden truss highway bridge to be preserved n*178
Buffalo:
New transit plans n267
Building accidents and failures:
Construction neglects safety and pays for it 646
Ohio sues Columbus Gas Co. for damage to building n178

BUILDING CONSTRUCTION
Adding stories to old concrete buildings. Henry Bittman *472
Building change orders and general costs. R. P. Walls 167
Cleveland begins census of real property 533
Delay in planning buildings now means extra cost. Eams & Wolfe *374
Earthquake-resistant construction. Bailey Willis 532
Employment through federal building of new factory towns. W. S. Moody....l 83
Erecting roof trusses in Rockefeller Center *614
Fast-truck concrete haul for Meadowbrook Hospital. W. J. Barney.....*778
Metal sheathing for houses *166
Model tests of pier action. F. B. Harris.l627
Rockefeller Center materials and equipment 590
Rockefeller Center's organization and construction supervision 598
Skyscraper steel erection in RCA building *618
Start of building construction in Japan. n25
Straightening leaning building walls. E. H. Krautheim *382
Strike on Pittsburgh Post Office settled..n393
Wood floor design for masonry wall buildings. N. B. Green *491

BUILDING DESIGN
Elevator problem of the tower building. C. F. Scott *317
Four sided frame bents carry 19 story tower in Daytno. N. J. Bell.....*248
Modern laundry building *682
Modern solutions of the high rise elevator problems. C. F. Scott *350
New York Hospital-Cornell Medical College opened n*298
Philadelphia Savings Fund Society Building—cost more, worth more....e570
Philadelphia Savings Fund Building is unique in design and construction....*549
Radio City's three theaters *583
RCA building — skyscraper plumbing. C. M. Wilson *593
RCA building of 69 stories *587
Rockefeller Center e600
Rockefeller Center plan *579
Six-dollar housing in concrete *9
Skyscraper factories e20
Skyscraper plumbing e600
Sliding and swinging windows for commercial buildings *220
Starrett-Lehigh 19-story factory over railroad yard *1
Two-story houses for low income group. J. E. Conzelman *8
Understressing and notch sensitiveness in fatigue. J. B. Kommers 353
Welded joints for seismic stresses in tall building. H. H. Tracy.....*312
Wind resistant:
Studies of building sway e262
Wood floor design for masonry wall buildings. N. B. Green *491

BUILDINGS
Bismarck, N. D.:
Design for state capitol n*22
Boston:
New station for Boston Elevated. L. E. Moore *527
Chicago:
Post Office has concrete partition walls *283
World's Fair agricultural building..n*265
Dayton, Ohio:
Mutual Home & Savings Assn. building. N. J. Bell *248
Detroit:
Post office foundations. H. A. Christie *105
Jackson, Miss.:
Gas house district made municipal center n*237
Long Beach, Cal.:
Auditorium—drilling equipment for piles. A. J. Smith *129
Los Angeles:
Southern California Edison building. H. H. Tracy *312
Monroe, Mich.:
St. Mary College and Academy. W. G. Mansuy *650
New York City:
Housing development financed by R.F.C. loan n*573

CABLES
Ditching and laying plant for underground cable *74
Failures of cable kills three n330
Machine constructs cable line from trench to backfill. M. A. Robbin.... *76

CABLEWAYS
Hoover Dam cableway bids n417
Record-size cableway for Hoover Dam..*408

CAISSONS
Caisson excavator. H. A. Christie.....*105
Concrete lagging used for deep-well caissons *563
Contractor loses suit over caisson at Poughkeepsie n481
Littlebelt bridge in Denmark uses open-caisson method. Kaai Kaat-Jensen..*427

CANALS
Albemarle & Chesapeake canal—tidal lock preserves game n*89
All-American canal to be paid for by Imperial Irrigation District n696
Beauharnois earth bank protected by riprap. J. A. Knight *275
Eagle Pass, Tex., hydro plant built on irrigation canal *377
Illinois Waterway will be ready for 1933 .....*402
Panama:
See also Dams, Madden.
Panama Canal—pipe laid across canal by use of cable support. A. L. Hertz....*562
Progress made on intercoastal canal....n239
Raritan Canal to be abandoned n734
Rio Grande irrigation canal *153
St. Lawrence waterway both opposed and endorsed n391
Trinity River project—adverse report to be appealed n25
Water in terms of canal capacity discussed by engineers 53
Welland Canal opened n178

CEMENT
Development of low heat cement for mass concrete. R. W. Carlson..... 461
Effect of cement composition on mortar strength. Woods, Starke & Steinour..*435
Heat evolved by cement during hardening. Woods, Steinour & Starke.... 404
Hoover Dam cement specifications. J. L. Savage *558
Low-heat cement e571, 637
Portland cement statistics, 1931..... 526
Special low heat cement for Pine Canyon Dam 410

CHANNELS
Analyzing hydraulic models for effects of distortion. M. P. O'Brien..... 313
Connecting Stockton with the sea. W. A. Wood, Jr. *183

CHICAGO
Dewatering and incineration of sludge under test 77
Diagonal thorofare completed.....n*761

Maintains regional planning division.... 290
Coast erosion and protection:
New Jersey towns to study beach protection n697
Cofferdams:
Permanent cofferdams for Hoover Dam..*709
Colorado River. See Dams, Hoover.

COLUMNS
Adding stories to old concrete buildings. Henry Bittman *472
Concrete columns with large bars offer advantages. Thor Germundsson.....*277
Factory of 19 stories over railroad yard *1
Compressed air and air tools:
Air compressor mounted on tractor....*241
Oiling devices and lubricants for air tools. J. D. Clower *432

CONCRETE
Adding stories to old concrete buildings. Henry Bittman *472
Accelerated absorption tests on concrete 521
Alkali effect on concrete study..... n25
Belt conveyors distribute concrete for Wards Island sewage plant.....*517
Belt conveyors place concrete for Vermunt dam in the Alps. Bruno Widman.*126
Bituminized-cement concrete. L. F. Harza l754
British to study concrete 16
Cement-water ratio. I. Rosov l201
Circular bins for storage of grain (unit prices). H. H. Frenzel.....*291
Columns with large bars offer advantages. Thor Germundsson *277
Cores reveal effectiveness of paving dummy joints (unit prices). H. F. Faulkner *232
Development of low heat cement for mass concrete. R. W. Carlson..... 461

*Illustrated; a, abstracts; e, editorials; l, letter; n, news

Diversion tunnel lining for Hoover Dam *715
Westinghouse bridge longest arch in America (unit prices) *67
Fort Snelling-Mendota bridge shrinkage. C. S. Whitney l507
Flow of concrete under stress—check levels made on Ft. Snelling-Mendota bridge. W. H. Wheeler 371
Gantry concreting plant cuts group building costs (unit prices) *399
Girderless concrete slabs in Elmira grade crossing. M. Hirschthal *678
Hand-operated tremie tube for placing concrete under water (unit prices). C. J. Brownell *260
Mass concrete development e415
New Orleans seawall built on precast piles (unit prices). H. A. Christie.. *33
Partition walls of concrete in Chicago Post Office *283
Pile-casting yard for highway bridges.. *743
Portland, Ore., adopts revised code for concrete construction n696
Precast concrete lagging used for deep-well caissons *563
Reservoir at Provo, Utah, has copper expansion joints (unit prices). C. J. Ullrich *62
Six-dollar housing in concrete *9
Superstructure built on old timber piling (unit prices). T. D. Hunt *195
Thin concrete diaphragm protects Ringedal Dam (unit prices). C. G. Groner.. *498
Vehicle tunnel under Boston harbor (unit prices) pt. 2 ..... *39
Visualizing concrete economy in terms of strength. Inge Lyse 109
Concrete aggregates:
Autoclaving proves unsuitable for testing aggregate durability 49
New methods of proportioning concrete for road work. W. W. Zass 247

CONCRETE MIXERS
Fast-truck concrete haul for Meadowbrook Hospital. W. J. Barney *778
Hetch Hetchy project has portable aggregate plant. H. V. Eastling..... *654
Madden Dam concreting plant. A. J. Ackerman *671
Smaller agitator trucks e788
Concrete reinforcement:
